

GeNetix 10Scene Wall Plates

Product Code: CS300055 (UK/EU Fit), CS300054 (US Fit)

The 10Scene Wall Plate features ten 10Scene trigger buttons, with dual colour LED status indication.

Connect 10Scene wall plates directly to the MagicQ & QuickQ Rack and DIN products or to the GeNetix Gateway interface, where it can then integrate with any MagicQ or QuickQ system for remote Scene activation.

Supplied in a dual pack containing two wall plates available in either EU/UK or US Single gang back box fit and with two black and two white clip on faceplates to go with.

Features

- Uses standard Cat 5E cable for connectivity
- Connect directly to MagicQ or QuickQ Rack & DIN products, nopower injectors required
